

EEPS LIBRARY NEWS

The EEPS library is now available to you at home – It's time to explore.

We are excited to now bring Oliver, the EEPS library/Resource platform to each of our students at home. As part of this platform we are now also able to access e-books through **Sora** an Australian based e-book platform.

Right now you can use the link below, or students can access information about how to use our EEPS virtual Library through their google classroom. Students will need to use their Gmail logon credentials to access this resource.

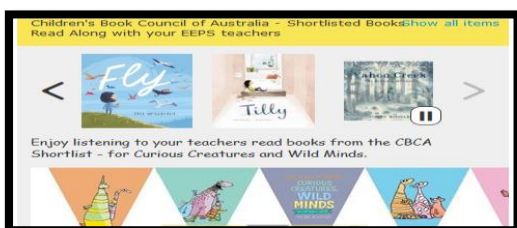

Library Link: <https://elthameastps.softlinkhosting.com.au/oliver/home/browse/list>

This link is also available from the Compass Favourites Menu and school website

Student Gmail logon: e.g. **username:** LLN0034@elthameastps.vic.edu.au
password: ***** [student password]
(Ask your teacher for help if you have forgotten your password.)

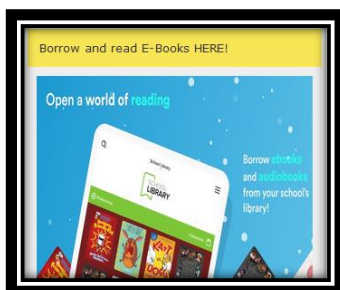

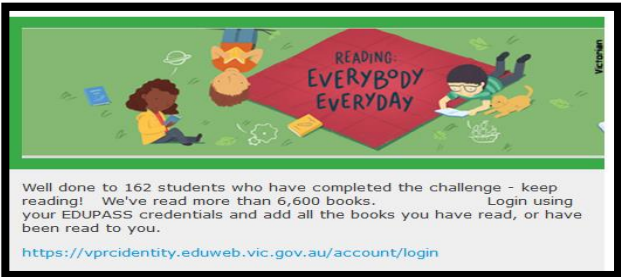

When you've logged on you will be able to:

Click on the "News" page tab, found on the black bar below the Eltham East Primary school heading, where you will see what's happening in the library.

Our teachers have read copies of the CBCA books and you'll find these here

A link to the Premiers Reading Challenge (Running until: 4th September)

Access Sora - A link to a suite of Australian e-books – students can loan these for two weeks to enjoy now.

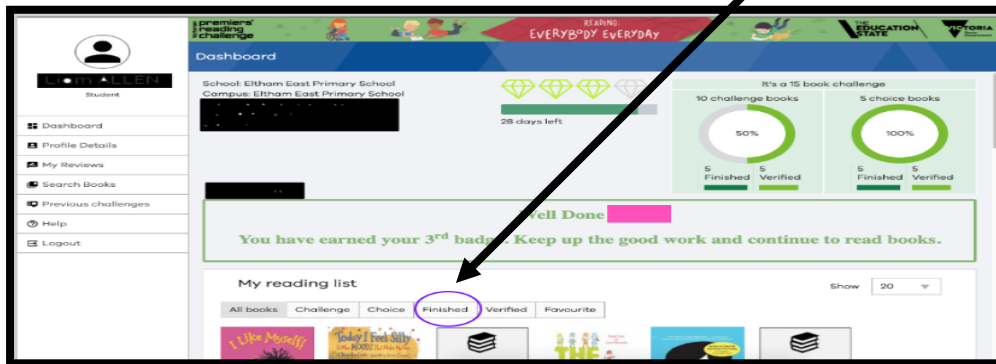

You can search the reading lists, or younger users may like to explore and become familiar with Orbit. We will use these tools to discover which books you might like to choose during our library sessions when we return to school.

Time to head off and explore, discover new places and new books.

2020 Victorian Premier Reading Challenge

The Victorian Premier Reading Challenge is coming to a close. We need all students to log into their accounts and mark all the books they have read as 'finished' so verification of books can be finalized.

Final date for students to be able to 'finish' their books and successfully meet the criteria for the challenge is Friday 4th September 2020

Thank your support. We hope our EEPS students have enjoyed participating in this reading challenge and we look forward to celebrating their achievements.

We hope that this information finds you all well and look forward to our EEPS community enjoying our new virtual Library and experiencing the love of reading first hand.

Happy Reading Everyone!

LIBRARY TEAM: Marguerite Fredericks, Patty Casale and Chris Hill.
